

Activer l'inscription automatique dans Intune

<https://docs.microsoft.com/en-us/mem/intune/enrollment/windows-enroll#enable-windows-10-automatic-enrollment>

Dans le cas de PC Hybrid AD Joined, il faut créer une GPO Ordinateur :

RN-FP-O-IntuneEnroll		
Data collected on: 3/14/2023 9:40:20 PM		show all
General		hide
Details		show
Links		show
Security Filtering		show
Delegation		show
Computer Configuration (Enabled)		hide
Policies		hide
Administrative Templates		hide
Policy definitions (ADMX files) retrieved from the central store.		
Windows Components/MDM		hide
Policy	Setting	Comment
Enable automatic MDM enrollment using default Azure AD credentials	Enabled	
Select Credential Type to Use: User Credential		
MDM Application ID:		
MDM Application ID represents the ID of your MDM application that is configured in Azure AD. This is optional and only required for automatic MDM enrollment using device credentials when multiple MDM applications are configured in Azure AD.		

Inutile de remplir l'ID d'application dans notre cas.
