

Activer l'inscription automatique dans Intune

<https://docs.microsoft.com/en-us/mem/intune/enrollment/windows-enroll#enable-windows-10-automatic-enrollment>

Dans le cas de PC Hybrid AD Joined, il faut créer une GPO Ordinateur :

RN-FP-O-IntuneEnroll								
Data collected on: 3/14/2023 9:40:20 PM		show all						
General								
Details		hide						
Links		show						
Security Filtering		show						
Delegation		show						
Computer Configuration (Enabled)								
Policies		hide						
Administrative Templates		hide						
Policy definitions (ADMX files) retrieved from the central store.								
Windows Components/MDM								
<table><thead><tr><th>Policy</th><th>Setting</th><th>Comment</th></tr></thead><tbody><tr><td>Enable automatic MDM enrollment using default Azure AD credentials</td><td>Enabled</td><td></td></tr></tbody></table>			Policy	Setting	Comment	Enable automatic MDM enrollment using default Azure AD credentials	Enabled	
Policy	Setting	Comment						
Enable automatic MDM enrollment using default Azure AD credentials	Enabled							
<div>Select Credential Type to Use: User Credential</div> <div>MDM Application ID:</div> <div>MDM Application ID represents the ID of your MDM application that is configured in Azure AD. This is optional and only required for automatic MDM enrollment using device credentials when multiple MDM applications are configured in Azure AD.</div>								

Inutile de remplir l'ID d'application dans notre cas.
