

# Gestion des utilisateurs

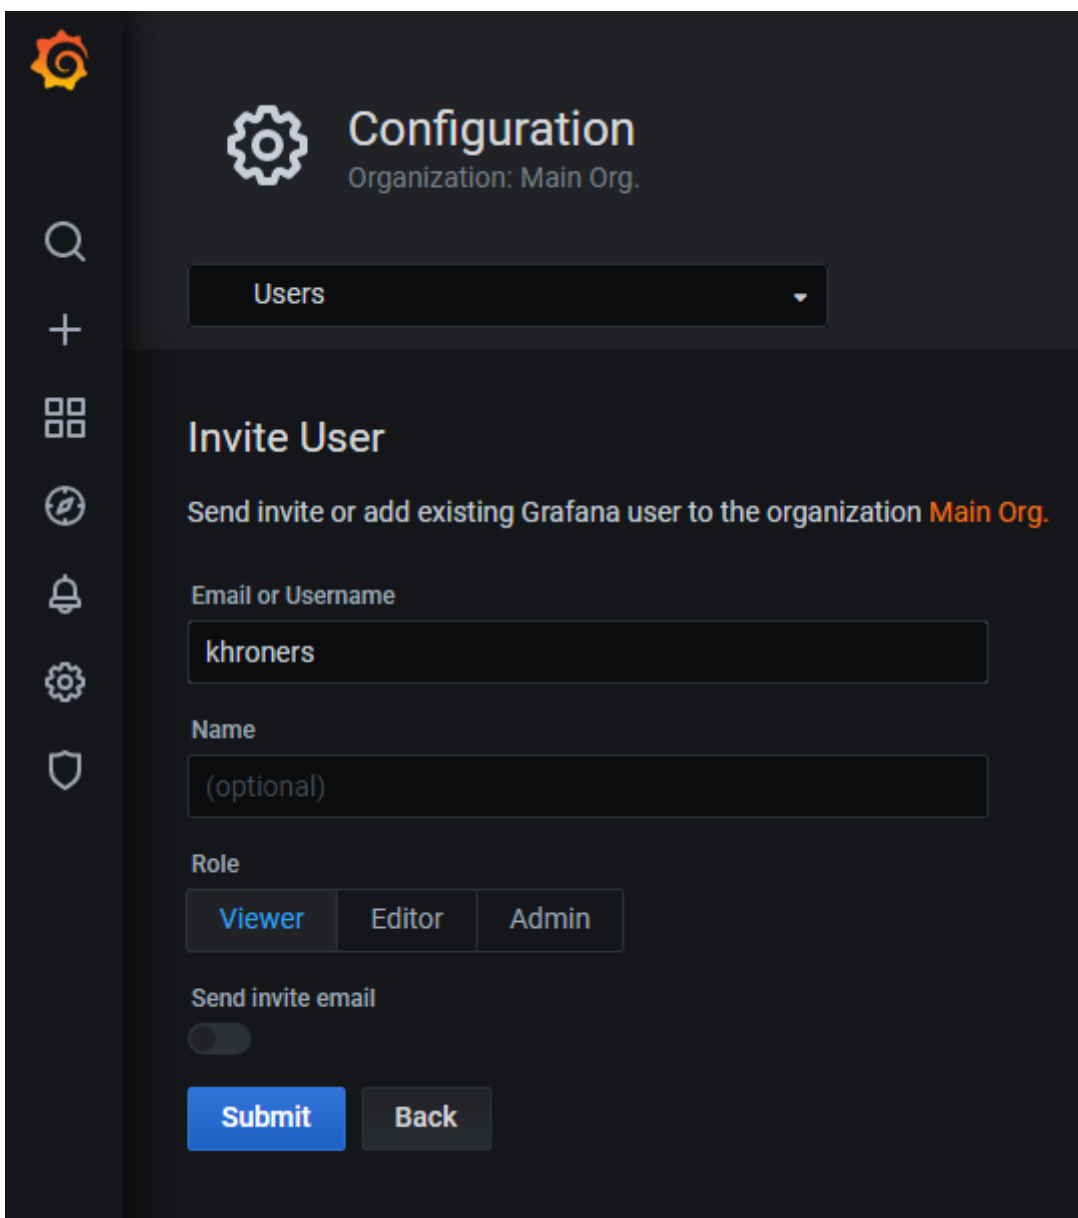

On peut ajouter des utilisateurs ici.

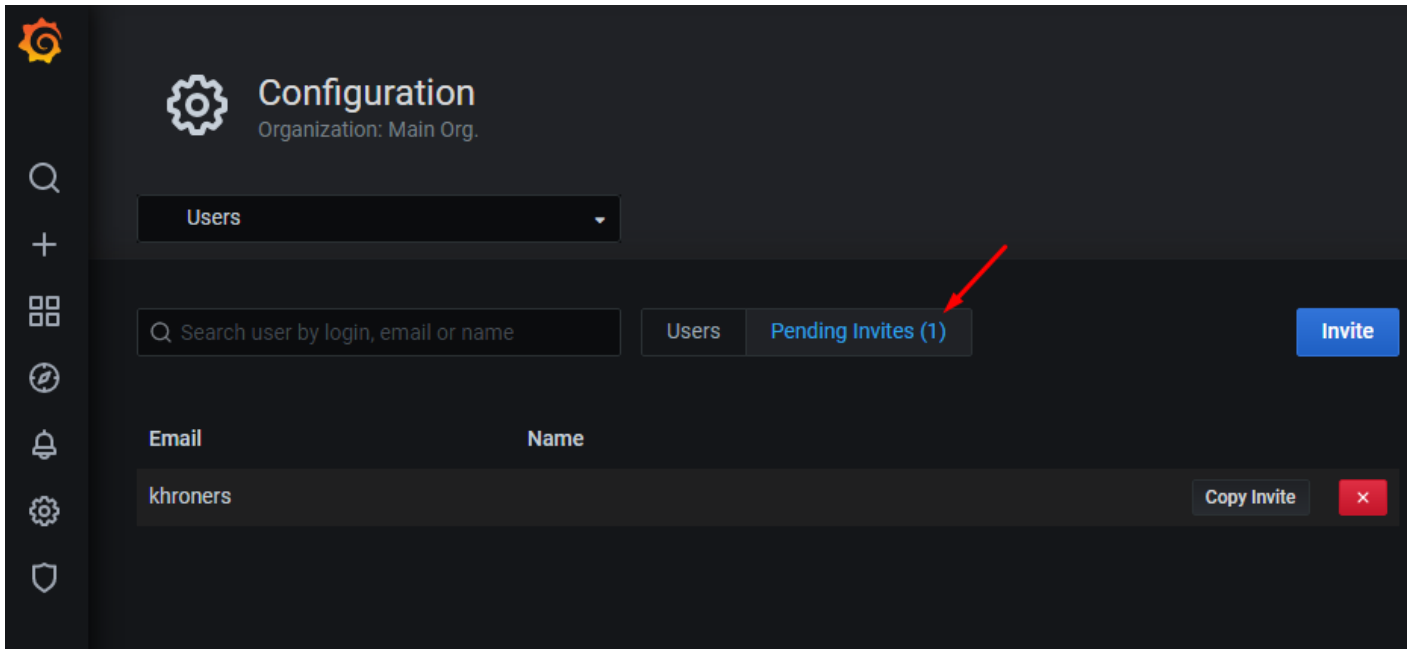

The image shows the 'Configuration' page for 'Main Org.' in Grafana, specifically the 'Users' section. A search bar is at the top with the placeholder 'Search user by login, email or name'. Below it is a table of users. The table has columns for 'Login', 'Email', 'Name', 'Seen', and 'Role'. One user is listed: 'admin' with email 'admin@localhost', seen '< 1m', and role 'Admin'. There is an 'Invite' button in the top right and a red 'x' button next to the user row.

Login	Email	Name	Seen	Role
admin	admin@localhost		< 1m	Admin

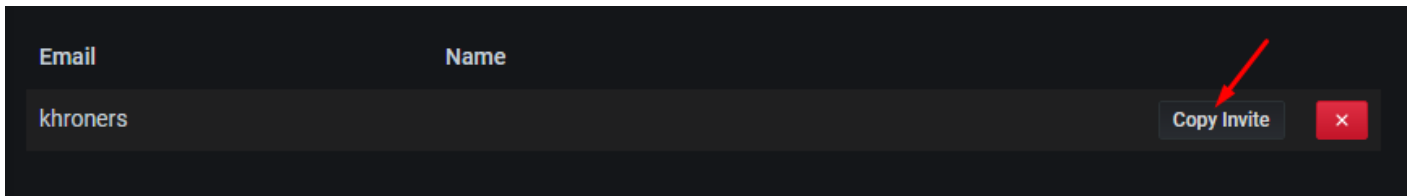

The image shows the 'Invite User' form in Grafana. It prompts the user to 'Send invite or add existing Grafana user to the organization Main Org.'. The form includes fields for 'Email or Username' (containing 'khroners') and 'Name' (with '(optional)' as a placeholder). Below these is a 'Role' section with three buttons: 'Viewer' (selected), 'Editor', and 'Admin'. At the bottom, there is a 'Send invite email' toggle switch (currently off) and two buttons: 'Submit' and 'Back'.

Ici, il s'agit d'un Viewer. Il ne peut pas modifier les tableaux de bord, mais peut les voir. Très utile pour donner accès à la supervision aux techniciens.

On copie le lien d'invitation, et on le colle dans la barre d'URL.

On définit ensuite le mail, le mot de passe et le nom d'utilisateur.

## Login / Invite

Register your Grafana account

Hello khroners.

*admin* has invited you to join Grafana and the organization

Please complete the following and choose a password to accept your invitation and continue:

Email

email@example.com

Name

Name (optional)

Username

Username

Password

Password

Sign Up

On peut également changer les permissions des tableaux de bord selon les rôles.
